

Marvellous Metal Detecting

Saturday 9 July 2016 1pm - 2.30pm

Do you fancy yourself as a history detective? Then maybe metal detecting is for you.

Discover how this branch of archaeology is helping with our understanding of the past. Learn how metal detectors work and what kinds of finds you may make when you use one. Learn about some of the amazing discoveries that have been made using a metal detector and understand how the detectorists work with museums to ensure that all their finds are properly recorded.

Meet with Bourne Hall Museum's metal detector and see some of the finds he has made. Enjoy the opportunity to have a go with a metal detector and see what you find.

Entry £5 per child (includes one accompanying adult)

Further information is available from David Brooks, Bourne Hall Museum, Spring Street, Ewell, Surrey, KT171UF
